

PAN-HEL SPONSOR OF CAGE TOURNEY STARTING MONDAY

Three Frat, Three Barb Teams Begin Four-Week Tourney

BAR REGULARS

An intra-mural basketball tournament, sponsored by the Pan-Hellenic Council, will be held starting Monday noon in the gym, it was announced Tuesday by Kenneth Hargrove, president of the Pan-Hellenic Council.

Six teams will compose the league—Theta Phi Delta, Phi Sigma Phi, Alpha Sigma Lambda, and three Barb teams—captained by Loren Gammon of the Ramblers, Rex Nelson of the Mohawks, and Robert Flesher of the Indians.

The following rules were decided upon by the members of the tournament committee, including Kenneth Hargrove, John Mouška, and Dexter Nygaard:

1. There shall be six teams in the tournament, three Greeks, and three Barbs.
2. All players must be enrolled in Omaha University during the present semester.
3. All men are eligible except members of the varsity or freshmen basketball squads, or basketball lettermen.
4. Each squad shall have no more than nine members, whose names shall be filed with Coach John Baker, and with the Pan-Hellenic Council.
5. No player may drop from one squad during the tournament. To do so makes him ineligible.
6. Each team will play one game a week during the noon hour, on either Monday, Tuesday, or Wednesday.

Sixteen Seniors Practice-Teaching

Sixteen seniors are now practice-teaching in Omaha and Council Bluffs high schools.

The majority of the students are teaching social science, English, or physical science, and spend approximately five hours each week.

Those teaching in Omaha are: Kenneth Turner, Dorothy Anderson, Leo Pearey, Verner Parrish, and Loren Gammon, at North; Bernice Perlmeier, Maxine Steincamp, Ann Ulrich, and Howard Johnson, at Tech; Gordon Quiller, and Harry Landis, at South; and Dorothy Snyder, at Benson.

Those teaching in Council Bluffs are: Elaine Coulter, at Abraham Lincoln; and Mrs. Amelia Knott, Josephine Carroll, and Jimmie James, at Thomas Jefferson.

School Credits Widely Accepted

According to letters received from former students by O. W. Helmstadter, registrar, the credits of Omaha University are accepted without question by various leading universities throughout the country.

Included in this number are Northwestern, Columbia, Minnesota, Wisconsin, Southern California, Chicago, Ames, and Nebraska.

Sorority Pledges Approved By Pan- Hellenic Council

Names of thirteen pledges to University sororities were approved by the Pan-Hellenic Council this week. Names of pledges to fraternities have not been announced by the Council.

Phi Delta Psi sorority will receive four new pledges. They are: Evelyn Betterson, '39, Louise Fore, '39, Ellen Forehead, '39, and Mary Jean Jennings, '39.

Those who will be pledged to Pi Omega Pi sorority are: Deloris Christensen, '39, Dorothy Hunting, '39, Eola Lieben, '39, and Mary Miles, '39.

Mary Jane Cooper, '39, Mabel Knipprath, '39, Marjorie Pedersen, '39, and Jane Vincent, '38, will pledge Kappa Psi Delta sorority.

Marjorie Corrington, '39, will be pledged to Sigma Chi Omicron sorority Sunday. Pledging will be held at the Woman's Club.

Several members of sororities who have not yet been initiated, as new members are expected to re-pledge.

Student Council To Revise Its Old Constitution

The Student Council will hold a meeting Monday to vote on revisions to be made in the constitution. The purpose of one of the amendments is to decide whether the council will have the power to select members for the Maie Day and Homecoming Celebration committees or whether their selection will be left to an election by the student body.

The Maie committee will consist of a senior chairman and one member from each class. This committee will be selected by the Student Council if the amendment is passed. Members of the council feel that in selecting members in this manner school politics will not enter into the choice.

Seniors will be given until Wednesday to file petitions to fill the vacancy left on the council by Susan Kemper, who graduated in January.

Omaha University Basketball Defeated Twice on Northern Trip

South Dakota State Defeats Cardinals by 46-27 Score At Brookings February 1.

Nine Omaha University basketballers made the trip from Vermillion to Brookings for the game with South Dakota State that night.

The South Dakota State Jackrabbits improved their standing in the North Central Conference running by defeating the Omaha University Cardinals last Saturday, February 1, by a decisive score of 46 to 27.

The Jackrabbits dominated the game throughout, and held a lead of 22 to 14 over the Cardinals at the half.

The Omahans were outclassed from the beginning, and Coach Lemme Herting took advantage of this by putting in an entirely new reserve team in the first half.

MONDAY LAST DAY TO GET PICTURES IN SCHOOL ANNUAL

No Foundation For Rumors On Campus That Plans Halted

MATSUO PHOTOS

Students, faculty and organizations on the University campus must file a statement of their intention to have their pictures in the yearbook with members of the annual staff by 4 p. m. Monday, February 10, it was announced today by Ellen Hartman, editor of the annual.

A rumor to the effect that there is a possibility that an annual will not be published has been circulating around the campus. "Such an impression is without foundation. It is definite that an annual will be published this year," Dr. W. D. Maclay, chairman of the Board of Publications and annual advisor, stated Wednesday in refutation of the rumor.

Matsuo, the photographer, selected to take all annual pictures, is charging one dollar to take each individual's picture. The following prices are to be paid to have the pictures appear in the book: Seniors, one dollar; faculty, one dollar and fifty cents; juniors, fifty cents; Greek societies, seven dollars and fifty cents; other organizations, seven dollars. Thus the total cost for the faculty, seniors and juniors will be \$2.50, \$2.00, and \$1.50, respectively.

"These prices have been set so as to cover only the cost of the cuts and in group pictures to include the cost of taking the picture, in order that it will be possible for all the seniors, juniors and campus organizations to have their pictures included in the annual," explained Dr. Maclay.

DR. LATTA TO SPEAK

Dr. John S. Latta of the University of Nebraska Medical College will give a talk on the fundamentals of Histology at a meeting of the Pre-Medical Club Friday morning at ten o'clock in room 104 at the Science Hall.

Dr. V. H. Vartanian Presents Series On Living Philosophy

A series of six lectures on "Living Religions and Culture" will be given before the Agenda Club of Omaha, by Dr. V. H. Vartanian, professor of philosophy, on successive Wednesday evenings, beginning February 5, at the Fontenelle Hotel at 8 P. M.

Dr. Vartanian has had the unique opportunity of direct and intimate contact with the cultures of the East. He has completed a number of research studies in ethnic philosophies and cultures, and has carried out his graduate studies in Columbia and New York Universities.

His lectures at 8 P. M. will be given in co-operation with the Extension Division of the Municipal University of Omaha. The titles in chronological order are: "A Survey of Eastern Religions," "Nature Philosophy of Vedic Literature," "Pantheistic Philosophy of Brahmanism," "Dualistic Philosophy of Mahavira," "The Conqueror," "Pessimism of Prince Sakyamuni Guatama Buddha," and "The Four Noble Truths, the Cause and Cure of Suffering."

Admission to these lectures is by special ticket, which also serves as a card of associate membership in the Club.

Omaha U. Again Tackles Powerful N. D. State Bisons

Omaha University will again tackle the powerful North Dakota State Bisons at the Central High school gym Monday evening at 8 p. m.

The Cardinals dropped a game by two points to the Bisons at the first of the year at Fargo, and they will do their best to hand them their first defeat in the conference.

Neville Reiners, the Bison basketball captain and last season's all-conference quarterback, has led his team to six conference victories so far this season without a defeat. He will need special attention by the Omaha lads, for he plays a superb floor game, and also has an uncanny eye for the basket.

The probable lineup:

Omaha U.	No. Dak. State
Baade	Kiely
Bolte	Reiners
Johnk	Anderson
Nelson	Saunders
Pearey	Bettschen

Haynes Initiated

Rowland Haynes, president of the Municipal University, will be initiated as honorary member of Alpha Kappa Delta, sociological fraternity, next Wednesday evening, February 12, at Brownell Hall. Other initiates of the fraternity are: Mrs. Myrtle Larson, Elaine Coulter, Mary Louise Guy, Alina Knipprath, Sylvia Silverman and Carol Wirts.

Haitian To Speak

Reverend Victor Holly, the rector of St. Phillip Episcopal Church, will speak to the French Club next Wednesday at 4 P. M. Reverend Holly is a native of Haiti and has been in America only a few years. French being his mother tongue, he will address the club in French.

The Hardest Job On the Campus

1. Buying your text-book in the bookstore at the beginning of the semester when you need it most.
2. Convincing any prof that you deserve an "A" when he knows you haven't cracked a book during the entire semester.
3. Persuading certain garrulous students to keep their fly-traps closed for five consecutive minutes when they are in the library, where some students are trying to study.
4. Finding the student who on a cold, windy, zero morning takes a delight in traversing the icy pavements between Joslyn Hall and the old House of Frankenstein on Ames Avenue.

German Club To Be Shown Films

Three reels of German film depicting a Hessian wedding and student life in Germany will be shown at the German club meeting to be held Friday evening, February 21, in the Women's Faculty Building.

Mrs. Frances Savage is in charge of the evening's program, following which refreshments will be served. Gustave Faulkner, president of the German club, is urging that all members of the club and students interested in Germany attend the meeting.

"HOPE SPRINGS ETERNAL"

To those who have waited so long for a new University campus the message of President Haynes to the board of regents last week must have given rebirth to hopes which had nearly died.

There is likelihood that unless a new site is chosen the Omaha University will gradually die in its present surroundings with its inadequate facilities to provide for the enrolled students. Only immediate action will prevent this.

The time for waiting and hoping is past. We do not want to be graduates of a non-existent institution. What the regents will do cannot be forecast, but the student body's united support must back the president in his stand. The regents must be forced to realize that positive action is desired by every student at the University, every voting parent of these students, every faculty member, and every other public spirited individual in the city of Omaha.

We have the assurance of President Haynes that the building committee has spent much effort over the selection of possible sites. At the present time they announce that they have limited the possibilities to four locations in Omaha, conveniently situated, with adequate room for an expanding University.

The money at the present time in the treasury of the school makes this new campus building program a possible reality, not simply a dream. It is unfortunate that a federal loan could not be obtained, but such a loan is not necessary. With the present sum at their disposal, the regents need only be convinced that the people of Omaha will not tolerate the frustration of this plan.

As signs of progress Omaha now has the new Union Station, the South Omaha bridge, and the Joslyn Memorial. The next city project should be a new Municipal University of Omaha.

We must wholeheartedly support President Haynes' statement to the board of regents: "A definite decision on a new site for a University before the end of the present academic year CAN AND SHOULD be made."

Conceit is God's gift to little men.—Bruce Barton.

He who has conferred a kindness should be silent; he who has received one should speak of it.—Seneca.

Prophecy: One of the big foundations with headquarters in New York soon will make announcements of an outlay of hundreds of thousands of dollars for radio education.

Now comes Prof. Walter Beck, psychology teacher at the University of Boston. "Don't marry while in college," he said. "The success of a matrimonial venture depends upon matching personalities and no character is the same after four years in college."

Thru The Keyhole

We wouldn't slight anyone for the world, so congrats to Steincamp, Lloyd and Owens—engagements are all the rage now....Speaking of Steincamp, we wonder if she had a good time with Woodyard last Saturday night....This week may be even better....Cooper and Tommy have been suggested as a possible combination....People are wondering if Cartie and Saltares had a good time last Sunday....Phi Sig pledges don't seem to remember much about initiation last Saturday....Norgard and Straka can enlighten you further.

Overheard in The Gateway office...."The WAA dance is the 28th." "Yeah? When is the TVA?"....Ohio State laboratories use 5,000 frogs a year at 15 cents apiece, says the Associated Collegiate Press. And Doc Thompson says he knows the keeper of the frogs. Waddayaknowabout that!

Doris Devany was seen making a perfect three-point landing as she alighted from a taxicab the other morning....She rested on her laurels in a snow bank....For some unknown reason Eleanor Johnson chooses insurance salesmen—first, Cunningham, and now we learn that Al Thornton is in the same office....she must teach a course in Salesmanship....Dorothy "Delight" Anderson has finally admitted that she is that way about Johnny, and that no one else counts....We understand Davis is really worried for the first time....she hasn't received a letter from Pardun for almost a week.

Lil can't pledge Phi Sig any more 'cause Hoeffner and Cooper & Co. didn't join....Theta stock thereby takes a rise....Belau and Lil studied Sock Science together and while studying Liberalism, Belau took his "isms" literally....Ryan had a birthday party, and now he's got trains, bells, whistles and everything....A few of the "hey-hey" boys around school interrupted a sewing (me thinks so!) circle at the Orpheum last Monday....By the way, if any of you girls would like to develop more kissable lips, you might try eating peas off a knife....Petersen requested that this column do a short review of a novel named "Blondes Misbehave"....However, we're like the girl who tried to wear her sister's corsets—we haven't got the intestinal fortitude....Jerome went over to Corrington's to get a pig-tale or a pig-tail....anyway, we hope he told the truth....(Note to newcomers to the school and column—it's not everyone who gets in the column, but it's not everyone who wants in it, so don't get conceited)....Sorry, Ryan, we can't make it this week—someone on the staff might want to pass economics....I might mention a certain "act of God," but they won't allow us to have babies in this column....So, so long for too long.

ON THE MAGAZINE RACK

By LLOYD L. LEE

Nine Justices, and Nine Personalities—New York Times Magazine (Russell Owen)

The far-reaching effect of the 6-3 decision of the Supreme Court in the famous A A A case last week and the fact that most American collegiate forensic teams are debating the enormous power of this august court, focus the eyes of the nation upon these mysterious "9 old men in black." Russell Owen, in the January 5 New York Times Magazine, says that though the Judges are clothed in the dignity of great tradition, they show diverse traits. Although Chief Justice Hughes has a ferocious countenance he is really quite a kindly old man. The other Judges, too, though hard on the surface, are after all human in their weaknesses. In this article each Justice is concisely analyzed. And unfortunate is the lawyer that comes before that court with crude reasoning and shiftless argument.

MENTOR'S MONICKERS PROVOKE PUNY PUNS

"HECKMAN, get a HOLT on yourself; does it PAYNE?"

"And now! Have a HARTMAN—great GUNNs, do something!"

"Well, I can't WARD it off alone; wait, I'll call the BOYCE."

"No, don't do that—get a HAMMER."

"Now, that won't help; I suggest that you go WEST."

"I probably will—but supposing I can't—then what?"

"Well, all RHOADS lead to Rome!"

There was something gassy, of course, about that case of the Southwestern University students and the nude young girl who danced for them on the athletic field the other night.

And there was something delightful about the stern comment of the dean after the investigation began. The dean issued a pontifical statement to the effect that the incident was closed "until further facts were laid bare."—A. C. P.

It's In The Cards

By LEO PEAREY

John Kozak is without doubt one of the best chiselers in school, and that's saying something! While on the basketball trip to South Dakota he talked himself and four other squad members into the President's Ball at Brookings. They had on sweaters and "cords," too, and the dance was supposed to be the best of the year in those parts. Some "feller!" But that isn't all—Johnny had a date for Sunday night in Council Bluffs, and because of a breakdown in Sioux Falls the squad wouldn't be able to get home until late that evening, so John called Jimmie James and reversed the charges. Jimmie had to call the girl and tell her the boy friend was far, far away. Boy, that's nerve. No wonder he drinks milk.

Kelly Bolte tells us that he really has fallen for a gal with a '36 Dodge. He won't give the name of the girl, the cheater, but he adds that she certainly is swell and that the car has a heater and a radio in it. Some joke, huh? Or can this leap year business have had something to it? Anyway, Kelly seems to be losing plenty of sleep over the way Bob Fletcher eyes the girl and the car.

Speaking of leap year, reminds me of Tyler bragging about the number of girls who want to take him to the vice-versa. By the way, Heber, you'd better be careful of Frederick. He doesn't care whose girl he dates.

Willie Kulper surely knows how to go about getting good grades from Mrs. Gearhart. Every night he prays for more snow, so he can shovel her walks. The other morning he even went in and had coffee and toast. Bill has a new buddy now. His name is Ed Olsen, and, gals, he's just like Willie, a good dancer, handsome, plenty of money, is a good athlete and I think he's part Russian, also. Anyhow, that's the way it sounds when they study together.

You might not think so, but the German nationality plays a great role in the athletic achievement at Omaha. There are eight fellows who claim to be descendants of this sturdy race—Middlehoff, Johnk, Crawford, Fouts, Gardner, Boldenow, Strohheim and Baron von Kerchenbrock. Among this group, Boldenow, Johnk and Crawford can speak and understand the language fairly well, which probably entitles them to a little more consideration than the others. Of course two of this number learned the vocabulary in a semester or so (the "or so," part belonging particularly to Baldy).

"Swede" Sorenson tells me that if he can find a job for \$200 a month he will get married. Now isn't that ducky? But I believe

Five Years Ago

Municipal University of Omaha! That was the decision handed down by the Supreme Court of Nebraska, Tuesday, December 23. However, the institution will not be turned over to the Regents until the legal time for a hearing by the opposition has expired.

1. A telegram was received Friday by Dr. G. W. James from David Rubinoff, famous violinist, who appeared at an assembly recently. He announced that he would make his radio debut Sunday night, January 11, over station WEAH and its associated chain of stations at 8 P. M.

2. Extracted (painlessly, we hope) from examination papers of days of yore—

Cynics is where you wash and stoics is what brings babies. Marriage is an institution that no family should be without. Lincoln fought for the deliberation of the slaves.

(We wonder if the 1936 papers will live up to tradition.)

3. The marriage of Miss Opal Louise Larson, Secretary to Bur-sar, and Prof. S. L. Witman, head of the political science department, was solemnized at 11 o'clock Saturday morning, December 20, at the First Unitarian church.

4. Dr. T. Earl Sullenger, head of the Sociology department, announces that two new courses will be given in that field next semester. These two courses are Child Welfare and Urban Sociology.

5. The "O" Club is to be re-organized. Several of the men who won letters in recent seasons are interested in starting the club again. The present day letter holders will be active members. The older men will be located and sent a lifetime membership, which will be good for admission to any game played by the University.

Dr. E. Lloyd Wilbur, who took his pre-med work at the University of Omaha in 1927-8, is now an interne in pathology at the Duke Hospital and junior assistant in pathology in the medical school of Duke University, Durham, North Carolina.

that he'll have to wait a year now, even if he does find such a job. What girl would ask him? Although that is a lot of money, one can never tell what might happen.

They're going to start charging two-bits admission to the 2 o'clock speech class because of the show Donlon, Harper, Lois Medlock and Kulper put on in there. It probably would be worth it. Donlon is Irish, Harper a native Hawaiian, Kulper a "black Russian," and Miss Medlock trying to keep them separated. I'll bet!

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

TESTS MADE BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS

All kinds of people choose Luckies, each for reasons of his own. But everyone agrees that Luckies are A Light Smoke of rich, ripe-bodied tobacco. It is a rather surprising fact that the leaves of the same tobacco plant may vary far more than the leaves from plants of quite different types. Chemical

analysis shows that the top leaves contain excess alkalies which tend to give a harsh, alkaline taste. The bottom leaves tend to acidify in the smoke. It is only the center leaves which approach in nature the most palatable, acid-alkaline balance. In Lucky Strike Cigarettes, the center leaves are used.

*Here's one cigarette that
writes its own advertising..*

It's like this—

You see I'm reading a Chesterfield advertisement and I'm smoking a Chesterfield cigarette, and all of you are smoking Chesterfields.

Now listen—

Chesterfields are mild (not strong, not harsh). That's true isn't it?

Then you read "and yet they satisfy, please your taste, give you what you want in a cigarette." That says it, doesn't it?

Wait a minute—

It says now that Chesterfields have plenty of aroma and flavor. One of you go out of the room and come back. That will tell you how pleasing the aroma is.
